## Who We Are

Angkor Handicraft Association (AHA) is a not for profit business association that helps local artisans within Siem Reap Province to regain their competitive advantage through Fair Trade.

AHA facilitates business opportunities to handicraft enterprises, linking artisans to local and international markets and providing business development services to rural producers.

## Seal of Authenticity

To help identify authentic locally made products from machine made replicas and imported items, AHA has developed the Official Seal of Authenticity, available to Siem Reap based handicraft producers.

A variety of products currently bear the Seal including: silverware, stone art, bronze statues, bamboo furniture, bags and hand woven textile.
